3401BK-2501

\$1500

Heritage and innovation collide. The Autocrat® has always embodied power and authority. Now, it embraces the fighting spirit. Elevating OTF design with an innovative build and a double-edged kris blade—crafted from deep-etched, DLC-coated Vinland Damasteel®—the 3401BK-2501 Autocrat® features a serpentine-like blade shape inspired by the warrior cultures of southeast Asia, where the kris blade originated as a symbol of mystical power and status. Adopted by the Moro tribes of the Philippines in swords and daggers, we've combined the tradition of the kris profile with our new open-spine handle construction, creating the illusion that the blade is floating within the frame, free of blade play or rattle. The milling of the copper-layered Snakeskin Fatcarbon® scales mimics the blade's oscillating form, with FDE PVD hardware providing a cohesive finish. Built for collectors, enthusiasts, and those with the heart of a warrior, this 150-piece limited edition Autocrat® is unlike any OTF you've seen before.

- ✦ **BLADE LENGTH** - 3.72" | 9.45cm
- ✦ **BLADE THICKNESS** - 0.105" | 2.67mm
- ✦ **OPEN** - 8.767" | 22.27cm
